

Emirates
Road to
Roland Garros

Important Notice

Dear parents and players,

As we started last week with our first Emirates Road to Roland Garros events we will like to clarify the rules regarding the age groups.

As we explained before our Emirates Road to Roland Garros events; 10 & under, 12 & under and 14 & under are a UAE tennis federation sanctioned tournaments and we have adhered to the UAE tennis federation rules and regulations regarding the age groups.

The fact that the series of events are happening over two different years does not mean that to qualify to the masters you should be in the age group of the events.

That means that a player born 2013 can play 10 under tournaments all the 2023 year, enjoy the competition and get experience, but because he/ she will be 11 on 2024 wont be eligible to play the masters , the same formula will work for the rest of categories.

Please also note that due the availability of court space the Emirates Road to Roland Garros draws are limited to 32 participants for the boys category and 16 on the girls.

I hope this will clarify all the possible misunderstandings and let us enjoy the competition.

Thank you
